IT Support Specialist | Systems Support Technician | Helpdesk Support

PROFESSIONAL SUMMARY

Detail-oriented IT Support Specialist with hands-on experience in troubleshooting, end-user support, hardware and software support, user account management, system deployment, network troubleshooting, IT documentation, and asset management. Skilled in supporting staff across business systems, printers, workstations, Google Workspace, Microsoft 365, and basic LAN/Wi-Fi environments. Strong background in Information Systems and Technology, with knowledge of cybersecurity fundamentals, device setup, access control, and technical problem-solving. Reliable, adaptable, and committed to providing efficient IT support that improves staff productivity and system reliability.

CORE TECHNICAL SKILLS

- **Helpdesk Support:** End-user support, troubleshooting, ticket follow-up, technical issue resolution
- **Hardware Support:** Laptop/desktop setup, printer support, workstation configuration, device maintenance
- **Systems Administration:** Windows OS support, user accounts, permissions, Microsoft 365, Google Workspace
- **Networking:** LAN/Wi-Fi troubleshooting, TCP/IP, DNS, DHCP, basic router/modem support
- **Security:** Endpoint protection, antivirus checks, password security, access control, cybersecurity awareness
- **Documentation:** IT asset tracking, support records, device inventory, configuration notes
- **Tools:** AnyDesk, TeamViewer, Microsoft Remote Desktop, RustDesk, Jira, , Wireshark, Cisco Packet Tracer

TOOLS & TECHNOLOGIES

Operating Systems: Windows, Mac Os, Linux basics

Admin Tools: Microsoft 365 Admin, Google Workspace Admin

Remote Tools: AnyDesk, TeamViewer, Microsoft Remote Desktop, RustDesk

Networking Tools: Wireshark, Cisco Packet Tracer, IP configuration tools

Support Tools: Jira

Cloud Tools: Google Drive, OneDrive, Google Workspace, Microsoft 365

KEY PROJECTS

Remote User Support & Ticket Resolution

Resolved multiple user support issues using remote support tools including AnyDesk and TeamViewer, supporting users with software errors, account access issues, printer problems, and connectivity challenges.

Register Digitization System Support

Supported system setup, user training, troubleshooting, and data verification for a digital registration project, helping improve data accuracy and smooth system use.

System Backup & Recovery

Created cloud backup workflows using Google Drive and OneDrive to reduce data-loss risks and improve file access for users.

E-Shule – School Management System

Junior Front-End Developer | HTML, CSS, JavaScript, PHP, MySQL

Assisted in developing and testing a responsive school management system for student records, attendance, and academic tracking.

PROFESSIONAL EXPERIENCE

IT Support Technician

Kijani Forestry | 2026

- Provide first-line IT support for hardware, software, network, printer, connectivity, and user access issues.
- Set up and configure workstations, devices, software, user accounts, and email profiles for staff onboarding.
- Support business systems including ERP workflows, biometric attendance systems, CCTV systems, and operational platforms.
- Maintain user account permissions and data protection procedures.
- Train staff on cybersecurity and safe digital practices.
- Assist with LAN/Wi-Fi troubleshooting, device configuration, and basic network reliability monitoring.
- Maintain IT documentation, support records, asset inventories, and device tracking records.

ICT Supervisor – Register Digitization Project

FlexCube Solutions | 2025 – 2026

- Trained and supported data entrants on digital systems and data capture tools.
- Supervised IT operations, system setup, troubleshooting, and data verification workflows.
- Provided end-user support for internal applications, login issues, device problems, and system access challenges.
- Managed IT asset inventory including laptops, cables, Wi-Fi devices, and software licenses.
- Created user accounts, email profiles, access permissions, and work devices for staff.
- Supported recruitment, onboarding, and training of data entrants.

Enumeration Supervisor

Uganda Bureau of Statistics | 2024

- Supervised enumerators during national census operations, ensuring adherence to data collection procedures and timelines.
- Monitored field activities to maintain data accuracy and resolve operational challenges.
- Prepared and submitted daily progress reports to support coordination and project tracking.

EDUCATION

- Bachelor of Science in Information Systems and Technology - Makerere University
- Uganda Advanced Certificate of Education -Mandela Secondary School
- Uganda Certificate of Education -Light College Katikamu

CERTIFICATIONS

- CS50's Introduction to Cybersecurity - HarvardX / CS50 Cybersecurity, 2026

- Information Technology Fundamentals - IBM, 2026
- Introduction to Cybersecurity - Cisco Networking Academy, 2026
- Cisco Networking Essentials -Cisco Networking Academy, 2026
